We want to thank everyone who has supported us in so many ways following Darcy's birth. We are very grateful for your thoughts, prayers and practical expressions of love for our family.

## GLOBAL MISSION PARTNERS

### Jan & Ana Franks

### Serving with ABWE in Serbia

Dear brothers and sisters, since January, we have worked very hard to build the Radio Sinaj studio and office space, and we have come very close to our goal. The working teams are gone, and now we need to finish the details, clean the space, and furnish it. In the meantime, we recorded regularly with our partners and managed radio-scheduled programs. This spring, we must skip street evangelism, due to construction work, but we ran two Facebook campaigns offering Bibles for free to those who follow the Radio Sinaj Facebook page and send their contact information. Many people responded, and we sent out dozens of Bibles. Jan was regularly preaching at our Serbian home church and had just finished a Bible study series on the Gospel of John. With some breaks, it was a two-year series.

Looking ahead to the summer, in July, we will go out with the Bible and literature, following the music group Adonai from Croatia. The goal is to organise public concerts in towns of eastern Serbia, and we will support them by setting up our stand, communicating with spectators, and witnessing to them the Gospel.

Please keep us in your prayers for these two things: finishing the Radio Sinaj studio before July, and the July outreach in Eastern Serbia.

### Daily Bible Reading Photo 2027

We would love to enlist some help in creating our Daily Bible Reading Booklet for 2027. If you have a great landscape photo of Dunstable or the surrounding area that is obviously near here, email it to [admin@ccd.church](mailto:admin@ccd.church) and we might use it for next year's book. There is no deadline for this so take time over the summer to capture the perfect picture!

Use this website to read and listen to a translation of our services each Sunday into your own language.

 Hearing Loop - there are many places around the auditorium ground floor that you can pick it up well, but it is best to avoid the first 3 rows for the best reception.
